Subject: **No Further Action Determination** – Mohawk Sub-Area

Facility: BMI Common Areas (Eastside Site)  
Clark County, Nevada  
Portions of APN Nos. 179-05-501-002, 179-05-301-004 and 179-05-502-001  
NDEP Facility ID: H-000688

Dear Mr. Paris:

The Nevada Division of Environmental Protection (NDEP) has reviewed the January 11, 2011 *Human Health Risk Assessment and Closure Report for the Mohawk Sub-Area* as revised by February 1, 2001 correspondence from ERM on behalf of BRC (“Mohawk HHRA”) prepared under the responsible charge of Dr. Ranajit Sahu, CEM of Basic Remediation Company (“BRC”) on behalf of BRC for the above-referenced areas and more specifically as depicted on Figures 1, 2 and Appendix L (legal description) of the Mohawk HHRA. The Mohawk HHRA contains a request for a no further action determination from the NDEP.

The NDEP has reviewed the following information and has determined that no further assessment or remediation of soil is required:

1. A voluntary Environmental Covenant (“EC”) has been prepared and executed in accordance with Nevada Revised Statutes 445D relating to the prospective use of the subject property;
2. A formal human health risk assessment; and
3. Supporting technical data.

The EC was recorded as of February 3, 2011 with the Clark County Recorder office for the areas designated above and therefore is a matter of public record.

Should you have any questions or concerns, please do not hesitate to contact me at (775) 687-9373 or [glovato@ndep.nv.gov](mailto:glovato@ndep.nv.gov).

Sincerely
