

PART VIII - CORRECTIVE ACTION

VIII.A. CORRECTIVE ACTION

The original requirements of this Section have been superseded by the Federal Facilities Agreement and Consent Order (FFACO). The NDEP, DOE/NV, and the Defense Threat Reduction Agency (formerly the Defense Nuclear Agency) signed the FFACO in March of 1996. The requirements of the FFACO are intended to satisfy the corrective action requirements of RCRA sections 3004 (u) and (v) and 40 CFR § 264.101. The FFACO and all schedules contained therein are hereby incorporated by reference as the schedule for completing corrective actions at the Facility.
