

SOLID WASTE DISPOSAL SITE  PERMIT CLASS II	PERMITTEE EUREKA COUNTY	PERMIT # SW55R04
--	--	-----------------------------------

1 FACILITY SUMMARY

Operation of a Class II disposal site composed of one municipal solid waste landfill unit, contiguous land, structures, and other appurtenances and improvements for the disposal of solid waste for Eureka County.

1.1 GENERAL DESCRIPTION

The 40 acre parcel occupied by the site was acquired from the Bureau of Land Management on September 14, 1995. There is no zoning in Eureka County, thus the parcel is designated open rangeland. The solid waste landfill unit will occupy approximately 26 acres. No composite liner or leachate collection and removal system is to be constructed. The landfill will be constructed in a phased sequence. Daily cover material will be obtained from on-site borrow source areas. A routine monitoring program for the detection of methane gas will be conducted at the site. If levels of methane gas are detected above Nevada Administrative Code (NAC) acceptable levels, all necessary actions will be taken to ensure protection of public health and safety.
