RE: Permit Application for North Valmy Generating Station  
Landfill Modification and Lateral Expansion – Permit No. SW 174R01

Dear Mr. Taylor:

Enclosed please find two (2) hard copies of the North Valmy Generating Station (Station) – Landfill Modification and Lateral Expansion Permit Application for review and processing. NV Energy (NVE) currently owns and operates this Landfill for disposal of fly ash and bottom generated at the Station. The Station is located in Humboldt County, Nevada.

This application provides updated information to the State of Nevada, Division of Environmental Protection, Bureau of Waste Management (NDEP-BWM) for reference in support of your reviewing the application.

We included all the main body of the text of the existing permit in the permit application, though only the following sections and figures have been modified:

- 4 - Solid Waste Characterization (NAC 444.737)
- 5 - Landfill Design (NAC 444.739)
- 7 - Landfill Operation (NAC 444.684)
- 8 - Closure Plan (NAC 444.6895)
- Figure 3 – Plan of Current Status and Proposed Lateral/Vertical Expansion
- Figure 4 – Proposed Grading Plan

If you have any questions or require additional information, please contact Teri Bowman at 775-834-2371 or Tony Garcia at 702-402-5767.

Respectfully,

Alan Anderson  
Plant Director  
NV-Energy North Valmy Generating Station
