

## PUBLIC NOTICE

The Administrator, Nevada Division of Environmental Protection, Carson City, Nevada, is issuing the following notice of proposed action under the Nevada Administrative Code 444.570 through 444.7499, inclusive, and under the Nevada Revised Statutes 444.440 through 444.620, inclusive. The Administrator has received an application for a permit to construct and operate a Class III disposal site from:

### **Western Elite, Inc.**

The applicant has sought authorization to operate a Class III disposal site near: Township 11 South, Range 62 East, portions of Sections 24 and 25 at a location on the west side of US Highway 93, approximately 30 miles south of Alamo, NV.

On the basis of a review of the requirements of the Nevada Revised Statutes and implementing regulations, the Administrator intends to deny a permit to construct and operate a Class III Disposal Site as described in the permit application. The applicant or any interested persons may submit written comment(s) on this proposed intent by the Administrator regarding permit denial or request a public hearing pursuant to the Nevada Administrative Code by submitting their comments or request, in writing, by February 7, 2005 to:

Jon Taylor PE

A request for a public hearing must state the nature of the issues the requester intends to raise at the hearing. The Administrator may extend the period for public comment as necessary. If written comments indicate a significant degree of public interest in the proposed permit denial, the Administrator may schedule a public hearing. A public notice of such hearing will be issued and published in a newspaper of local interest at least 30 days before the date of the hearing. A statement responding to written comments on the proposed denial of the permit will be issued. Copies of the statement will be sent to the applicant, person(s) who submitted the written comments, and all other persons who specifically request, in writing, a copy of the statement. A copy of the statement will be made available for inspection by the general public at a location to be determined by the Administrator.

Within 30 days after the end of the period for public review, the Administrator will issue a permit to operate the disposal site, or deny the application and send a written notice to the applicant which details the reasons why the application is being denied.
