**T**he Division of Environmental Protection (NDEP) will be moving to a new location during June of this year. A new 120,000 square-foot building [located at 901 S Stewart Street](#) in Carson City will be the new home for NDEP along with several other Divisions within the Department of Conservation & Natural Resources.

Due to the complexity of the move, service to our many constituents might be interrupted during short periods. Please note that staff will do everything possible to accommodate all requests during this period of transition.
