

# Emergency Response Plan Guidance For Wastewater Systems

**Thursday, November 3, 2005**

**7:30 a.m. – 4:30 p.m.**

**Winnemucca Convention Center**

**50 West Winnemucca Boulevard**

**Winnemucca, Nevada**

## SUMMARY

More often than not, the wastewater treatment facility is not included as part of a community's working Emergency Response Plan. With the advent of the New Orleans disaster, the need for a working Emergency Response Plan becomes more evident. We are offering this seminar to help you develop your plan or fill any gaps you may have in your ERP when it comes to protecting this part of your community infrastructure.

- I. General Emergency Planning Information
- II. Emergency Response Plan – Core Elements
- III. Decision Process and ERP Activation
- IV. Emergency Response, Recovery, and Termination
- V. Actions Plans
- VI. Emergency Plan Approval, Update and Training

*Contact hours and a certificate of attendance will be provided for attendance of this seminar.*

## REGISTRATION

Those interested in attending the seminar should contact Linda Peterson at 775-329-7757, Ext. 23 or Jackie Diggle at Ext. 12. You may also leave a voice mail. Please include the name/names of those registering, your organization and contact information.
