Notice of Workshops to Solicit Comments on Proposed Regulations to Nevada Administrative Code (NAC) 445B.001-.3689 AIR CONTROLS: AIR POLLUTION

The Nevada Division of Environmental Protection (NDEP) is proposing to adopt regulations amending NAC 445B.038 and 445B. 221. The following workshop has been scheduled to solicit comments from persons interested in the regulatory amendments described below.

CARSON CITY
May 6, 2008 11:00 AM to 12:00 Noon
Nevada Division of Environmental Protection
Great Basin Conference Room (4th Floor South)
901 South Stewart Street

LCB File No. R076-08 (P2008-09): Adopting Federal Standards by Reference.

NDEP is proposing to adopt by reference into State regulation new and revised federal *New Source Performance Standards (NSPS)* and *National Emission Standards for Hazardous Air Pollutants (NESHAPs)* that have been promulgated by the U.S. Environmental Protection Agency (EPA) since July 2007. The NDEP is delegated the implementation of the federal NSPS and NESHAP programs relevant in Nevada, however, it is necessary to keep the State's "adoption by reference" regulation (NAC 445B.221) up to date so that EPA can continue to delegate the implementation of new and revised rules to the State.

NDEP is also revising the definition of a "Class III source" (NAC 445B.038) to allow a stationary spark ignition internal combustion engine subject to 40 CFR 60 Subpart JJJJ, "Standards of Performance for Stationary Compression Ignition Internal Combustion Engines," or a reciprocating internal combustion engine subject to 40 CFR Part 63 Subpart ZZZZ, "National Emission Standards for Hazardous Air Pollutants for Reciprocating Internal Combustion Engines," and which does not exceed 750 horsepower to qualify as a Class III source.

The proposed amendments and related materials are available on the State Environmental Commission website at: http://sec.nv.gov/main/hearing_061708.htm; see item 6. A copy of materials relating to the proposed regulations also may be obtained at the workshops or from Adele Malone at NDEP, 901 S. Stewart Street, Suite 4001, Carson City, NV 89701; (775) 687-9356; or e-mail to amalone@ndep.nv.gov. Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify Adele Malone no later than 3 working days before the workshop.

This notice has been posted at the Nevada Division of Environmental Protection offices in Carson City and Las Vegas, at the State Library in Carson City and at County libraries throughout Nevada. April 14, 2008
