PUBLIC NOTICE OF PROPOSED ACTION

Web posting 12/16/09

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received an application for renewal of groundwater discharge permit # NEV70021 from the following applicant:

**Nye County
250 N. Highway 160, Suite 2
Pahrump, NV 89060**

The Permittee operates the Gabbs Wastewater Treatment Facility, which is located one mile west of North Gabbs in Nye County, Nevada. This treatment facility services residential and commercial/institutional connections in both North and South Gabbs, which comprise a community of approximately 318 residents. Gabbs will construct four (4) new facultative ponds and two (2) evaporative/infiltration ponds in early 2010 that will have treatment capacity of 0.040 million gallons per day (MGD). Treated effluent is disposed by evaporation to the atmosphere and percolation to State groundwater resources in the evaporation/percolation ponds. The Division has made the tentative determination to issue (renew) the proposed discharge permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. **on January 25, 2010**, either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, NV 89701-5249

Comments and/or hearing requests received via facsimile or e-mail before 5:00 P.M. **January 25, 2010**, will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
