## **PUBLIC NOTICE OF PROPOSED ACTION**

Web posting 12/18/09

The Administrator of the Nevada Division of Environmental Protection is issuing this Notice of Proposed Action under the Nevada Revised Statutes and the U.S. Clean Water Act. The Administrator has received a complete application to renew National Pollutant Discharge Elimination System (NPDES) permit # NV0022781 from the following applicant:

**Shanghai Partners  
1040 E. Sahara Ave.  
Suite 201  
Las Vegas, NV 89104**

A dewatering system for a basement at a private residence and sports complex at 7030 Tomiyasu Lane has been in operation since 1996. The discharge is routed directly to Duck Creek with a flow limit of 200,000 gallons per day. Treatment is not required based on the quality of the discharge. Periodic sampling for certain constituents is undertaken so that any concentration changes can be detected. The Division has made the tentative determination to renew the proposed NPDES permit for a five year term.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding the issuance of the permit, or to request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on January 21, 2010**, either in person or by mail to:

**Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart Street, Suite 4001  
Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. January 21, 2010** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
