

STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Jim Gibbons, Governor

Allen Biaggi, Director

Leo M. Drozdoff, P.E., Administrator

NOTICE OF PROPOSED ACTION

Web posting 12/18/09

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Federal Clean Water Act. The Administrator has received a complete application for a new National Pollutant Discharge Elimination System (NPDES) Permit, #NV0023795, from the following applicant:

**Southern Nevada Water Authority
PO Box 99956
Las Vegas, Nevada 89193-9956**

Southern Nevada Water Authority is proposing to construct two erosion control structures, the Homestead Weir and the Lower Narrows Weir, together with associated bank protection, in the Las Vegas Wash (Wash) at 2 sites located approximately 5 miles upstream of Lake Mead, in Clark County. The weirs are two of 22 total weirs, designed to prevent further bank erosion and water quality degradation by reducing flow velocities within the Wash. The permit is for water management that will be needed while constructing the weirs. Wash-induced shallow groundwater will be diverted and/or pumped to sediment settling tanks prior to discharge to the Wash. The maximum flow permitted will be 7000 gallons per minute. Concentrations of perchlorate are expected in the pumped groundwater. The pumped groundwater will be managed to not increase perchlorate concentrations in Lake Mead or the Lower Colorado River system appreciably. The proposed NPDES permit is for a period of five years (typical permit timeframe) although the weir construction and discharge activities are expected to be completed in a much shorter time period.

Based on a review of the NPDES permit application, the Division has made the tentative determination to issue the NPDES permit, subject to specific effluent limitations and conditions.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control should submit their comments or request, in writing or by Fax, within thirty (30) days of the date of newspaper publication, by **5:00 P.M. on January 20, 2010**, either in person or by mail to:

**Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart St., Ste. 4001
Carson City, NV 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. January 20, 2010** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a

public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied, or copies may be obtained by writing to the above address or by calling Jeryl Gardner of the Bureau of Water Pollution Control at (775) 687-9423, or at jgardner@ndep.nv.gov, or FAX (775) 687-4684. Copies of the Fact Sheet and Public Notice may be viewed or printed from the NDEP website at <http://ndep.nv.gov/admin/public.htm>.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
