Dear Utility Owner/Operator:

On behalf of Nevada's Drinking Water and Clean Water State Revolving Loan Fund (SRF) programs, I would like to invite you to attend a free seminar on identifying fraud, waste and abuse in federally funded infrastructure projects. This seminar will be presented by Michael Janiga and Bill Dayton, from the Office of Inspector General, United States Environmental Protection Agency.

This seminar will be useful to anyone who administers projects/contracts funded by State Revolving Fund loans. Please note this seminar is mandatory for recipients of stimulus funding pursuant to the American Recovery and Reinvestment Act of 2009 (ARRA). If you are on an SRF Priority List and expect to receive ARRA funding for a project please plan to send a representative to one of the seminars.

Nevada SRF staff will also be present in an ancillary capacity to offer professional support to the attendees and to add State resource information. The tentative schedule for seminars is as follows:
