NOTICE OF PROPOSED ACTION

Web posting 9/22/10

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received an application for water pollution control discharge permit **NEV2010500** from the following applicant:

**University of Nevada, Las Vegas
4505 Maryland Parkway
Las Vegas, Clark County, Nevada 89154**

The **University of Nevada, Las Vegas** is proposing to irrigate its **Star Nursery Field** at its **Sam Boyd Stadium** with “**Category C**” reclaimed water. “**Category C**” reclaimed water, defined in NAC 445A.276, would be supplied by Clark County Water Reclamation District (**CCWRD - Permit NV0021261**). Star Nursery Field and common areas cover approximately 15 acres; its irrigation is via spray and drip. Annual water usage for the property is estimated to be 224 acre-feet per year – 200,000 gallons per day. Reclaimed water must be applied within a NDEP approved effluent management plan (EMP). This facility is currently irrigated with potable water.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue permit **NEV2010500** for a five (5) year period, subject to the effluent limitations as described above.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on **October 30th, 2010**, either in person or by mail to:

**Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, Nevada 89701-5249**

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the

tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting [Alexi Lanza, P.E.](mailto:alanza@ndep.nv.gov) Bureau of Water Pollution Control at (775) 687-9468, or at alanza@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP website at www.ndep.nv.gov/admin/public.htm.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
