NOTICE OF PROPOSED ACTION

Web posting 3/5/10

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received an application for renewal of water pollution control discharge permit **NEV96008** from the following applicant:

SGC NEVADA, LLC
1000 Long Drive
Indian Hills, Douglas County, Nevada 89705

The Sunridge Golf Club Golf Course is an 18-hole course located in Indian Hills, Douglas County. The golf course and common areas are irrigated with Class B reclaimed water (NAC 445A.276) supplied by the Indian Hills GID Wastewater Treatment Facility (**IHGID WTF - Permit NEV80039**) and supplemented with groundwater from several sources. Sunridge golf course and common areas cover approximately 138 acres; its irrigation is via spray and drip. Annual reclaimed water usage for the property is estimated to be 563 acre-feet per year; irrigation is seasonal. The golf course lakes are used for winter storage for Sunridge and disposal for the IHGID WTF. Reclaimed water must be applied within a NDEP approved effluent management plan (EMP); the applicant has generally remained in compliance with permit limitations.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to renew permit NEV96008 for a five (5) year period, subject to the effluent limitations as described above.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on **April 12th, 2010**, either in person or by mail to:

Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.
