

STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Jim Gibbons, Governor

Leo M. Drozdoff, P.E., Acting Director

Colleen Cripps, Ph.D., Acting Administrator

NOTICE OF PROPOSED ACTION

Web posting 9/22/10

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes (NRS) and the Clean Water Act (CWA). The Administrator has received an application for renewal for a National Pollutant Discharge Elimination System (NPDES) Permit **NV0023396** from the following applicant:

**7-Eleven Incorporated
P.O. Box 711
Dallas, Texas 75221-0711**

The Applicant owns **7-Eleven Store 20826**, a convenience store that formerly included a fueling station, located at 1600 North Decatur Drive, Las Vegas, Clark County, Nevada 89108. Prior leakage of gasoline from the underground storage tank system has contaminated the shallow groundwater with petroleum hydrocarbons. The Applicant's proposed groundwater remediation system will consist of water treatment by an air stripper for the removal of benzene, toluene, ethylbenzene, total xylenes, total petroleum hydrocarbons, and MTBE. The treatment system will be limited to a maximum discharge flow rate of 15 gallons per minute, 0.0216 million gallons per day. The treated effluent will be discharged to the City of Las Vegas stormdrain system that will convey the treated water to the Las Vegas Wash.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, Clean Water Act and implementing regulations, the Administrator proposes to renew permit **NV0023396** for a five (5) year period, subject to the effluent limitations as described above.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on **October 30th, 2010**, either in person or by mail to:

**Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, Nevada 89701-5249**

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the

tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting [Alexi Lanza, P.E.](mailto:alanza@ndep.nv.gov) Bureau of Water Pollution Control at (775) 687-9468, or at alanza@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP website at www.ndep.nv.gov/admin/public.htm.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
