Notice of Proposed Action – Bureau of Mining Regulation and Reclamation

Web Posting: 11/16/2011

Deadline for Comment: 12/16/2011

The Administrator of the Division of Environmental Protection gives notice that an application for renewal and major modification of a Water Pollution Control Permit for the **Pipeline Infiltration Project**, a mine dewatering water management and infiltration facility, has been properly filed with the Division of Environmental Protection in Carson City. The applicant for renewal and modification of Water Pollution Control Permit **NEV0095111** (Permit) is:

Barrick Cortez, Inc.
HC66 box 1250
Crescent Valley, Nevada 89821-1250

The facility is located on public and private land in Lander County, within Sections 13, 15, 21, 22, 27, and 28, Township 28 North, Range 47 East; Sections 13, 23, 24, and 26, T27N, R46E; unsurveyed Sections 7, 18, and 19, T27N, R47E; and, Sections 17 and 18, Township 28 North, Range 49 East, MDB&M, approximately 35 miles southeast of the town of Battle Mountain, Nevada.

The project consists of a mine dewatering and infiltration system using rapid infiltration basins to return groundwater to the water table at a maximum permitted rate of 34,500 gallons per minute. The facility is comprised of dewatering wells, pumps, conveyance pipelines, rapid infiltration basins, water elevation piezometer wells, and ground water quality monitoring wells. Facilities are required to be designed, constructed, operated and closed without any discharge or release in excess of those standards established in regulation except for meteorological events which exceed the design storm event.

The Administrator is constrained to either issue the renewal and modified Permit or to deny the application. The Administrator has made the tentative decision to issue the renewal and modified Permit.

Persons wishing to comment upon the proposed Permit, to recommend terms and conditions for consideration of incorporation into the Permit, or who request a public hearing pursuant to Nevada Administrative Code (NAC) Chapter 445A, must submit their written comments, objections, or requests by hand delivery or US Postal Service, or by facsimile or e-mail transmittal (with the original to be received within five (5) days of transmittal date), no later than

5:00 PM on the 30th day following the date of publication of this notice (**submittal end date 16 December 2011**) to:

Division of Environmental Protection
Bureau of Mining Regulation and Reclamation
901 South Stewart Street, Suite 4001
Carson City, Nevada 89701-5249

All comments, objections, or requests received during the public notice period will be considered in the final determination regarding the Permit. If the Division determines written comments or requests indicate a significant degree of public interest in this matter, the Administrator shall schedule a public hearing in accordance with the requirements of NAC 445A.405.

The draft Permit and all application documents are on file at the Division and are available for public inspection and copying pursuant to NRS 445A.665. For more information, contact Miles Shaw on (775) 687-9409 or visit the Bureau of Mining's website at <http://ndep.nv.gov/bmrr/bmrr01.htm>
