

STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Brian Sandoval, Governor

Leo M. Drozdloff, P.E., Director

Colleen Cripps, Ph.D., Administrator

Web Posting Date: 05/02/11
NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a complete application for a new water pollution control discharge permit, NEV2008504, from the following applicant:

Moapa Valley Water District
P.O. Box 257
Logandale, NV 89021

The applicant proposes to use raw well water to back-flush a granular iron media (GIM) based arsenic removal system at their Arrow Canyon facility, located approximately nine (9) miles northwest of the town of Moapa, in Clark County, Nevada. The removal system is necessary to lower arsenic levels in the drinking water to no greater than 0.010 mg/L. Discharge will be to a rapid infiltration basin (RIB). The applicant has requested a daily maximum flow rate of 0.136 million gallons per day. Discharged water is expected to meet drinking water standards which should not negatively affect the quality of area groundwater. The Division has made the tentative determination to issue the proposed permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on June 2, 2011, either in person or by mail to:

Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, NV 89701-5249

Comments and/or hearing requests received via facsimile or e-mail before 5:00 P.M. June 2, 2011, will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Art Marr, P.E., Bureau of Water Pollution Control at (775) 687-9432, or at amarr@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP website at www.ndep.nv.gov/admin/public.htm.

Please bring the forgoing notice to the attention of all persons who may be interested in this matter.
