PUBLIC NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes.

The Administrator has received a complete application for the renewal of water pollution control discharge permit (NEV98018) from the following applicant:

**Duncan Burgess, LLC
Wolf Run Golf Club
1400 Wolf Run Road
Reno, Nevada 89511**

seeking authorization to reuse treated effluent for golf course irrigation at an 18-hole golf course located at:

**Section 19, Township 18 North, Range 20 East
Longitude: 119° 46' 20" W
Latitude: 39° 24' 55" N**

The applicant operates the Wolf Run Golf Club, located in south Reno, between Zollezi Lane and Arrow Creek Parkway. The course is 18-holes, covering approximately 82 acres. The treated effluent that is used for irrigation is supplied from the Washoe County South Truckee Meadows Water Reclamation Facility. At a minimum, effluent used for irrigation is treated to meet tertiary standards, is denitrified and disinfected with chlorine.

The permit for this facility includes sampling requirements to assure maintenance of the ground water quality goals for Nevada and management tasks to control run-off of pollutants to surface waters (Whites Creek). The permit will be issued (renewed) for a five (5) year period.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes as amended, and implementing regulations, the Administrator proposes to renew the permit to discharge, subject to certain effluent limitations and permit conditions.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control should submit their comments or request, in person, in writing, within thirty (30) days of the newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on **February 10, 2011**.
