NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a complete application for the renewal of water pollution control discharge permit NEV2001509 from the following Applicant:

**Clark County Water Reclamation District
5857 East Flamingo Road
Las Vegas, Nevada 89122
for the
Desert Breeze Water Resource Center (DBWRC)
8320 West Flamingo Road
Las Vegas, NV 89149**

The Applicant proposes to continue to operate a wastewater reclamation plant which provides tertiary treatment of sewage from within the facility's service area in western Las Vegas. DBWRC treats the effluent to meet the requirements for bacteriological quality set forth in NAC 445A.2762 for Reuse category A. The treated effluent is then pumped to a wet well/reclaimed water reservoir owned and operated by the Las Vegas Valley Water District for distribution to golf courses, parks and other reuse application sites for irrigation. On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended and implementing regulations, the Administrator proposes to reissue the discharge permit, subject to certain effluent limitations, for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding the issuance of the permit, or to request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on January 7, 2013**, either in person or by mail to:

**Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. January 7, 2013** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from

the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Michele Reid, Bureau of Water Pollution Control at (775) 687-9434, or at mreid@ndep.nv.gov.
