Reclamation Permit 0290

**North Bullfrog Exploration Project
Corvus Gold Nevada, Inc.**

The Nevada Division of Environmental Protection (Division) has decided to issue Reclamation Permit 0290, for an exploration project to Corvus Gold Nevada, Inc. (Permittee). This permit authorizes the Permittee to reclaim the North Bullfrog Exploration Project located in Nye County, Nevada. The Division has been provided with an application, in accordance with Nevada Revised Statute (NRS) and Nevada Administrative Code (NAC) 519A to assure the Division that the Permittee will leave the project site safe, stable, and capable of providing for a productive post-mining land use.

This permit will become final June 4, 2013. The final determination of the Administrator may be appealed to the State Environmental Commission (Commission) pursuant to NAC 519A.415. All requests for appeals must be filed by 5:00pm, May 30, 2013, on Form 3 with the Commission at 901 South Stewart Street, Suite 401, Carson City, NV 89701-5249, and in accordance with the administrative rules of the Commission.

This major modification increases permitted disturbance by approximately 94 acres to a total of 100 acres and involves additional drill roads, pad construction and trenching.
