The Administrator of the Division of Environmental Protection gives notice that an application for a major modification of a Water Pollution Control Permit for the **Pumpkin Hollow Project**, a mining and chemical beneficiation facility, has been properly filed with the Division of Environmental Protection in Carson City. The applicant for modification of Water Pollution Control Permit **NEV2008103** (Permit) is:

Nevada Copper, Inc.
P.O. Box 1640

The facility is located on private land in Lyon County, within Sections 32-35, Township 13 N, Range 26 E, and Sections 2-5 and 8-11, T 12 N, R 26 E, MDB&M, approximately 8 miles southeast of the town of Yerington.

The facility is comprised of open pit mine, underground mine, crushing circuit, grinding circuit, flotation circuit, dry stack tailings impoundment, paste batch facility, ponds, wells, and ancillary structures. Facilities are required to be designed, constructed, operated and closed without any discharge or release in excess of those standards established in regulation except for meteorological events which exceed the design storm event.
