Deadline for Comment: 4/10/2013

The Administrator of the Division of Environmental Protection gives notice that an application for a new Water Pollution Control Permit for the **Maggie Creek Plant**, a beneficiation facility, has been properly filed with the Division of Environmental Protection in Carson City. The applicant for Water Pollution Control Permit **NEV2012111** (Permit) is:

Progressive Contracting Inc

St. George, UT 84770

The facility is located on private land in Eureka County, within Section 2, Township 34 N, Range 51 E, MDB&M, approximately 12 air miles northwest of the town of Carlin.

The project consists of a physical separation beneficiation facility, designed to extract barite, with a maximum permitted production rate of 75,000 tons of ore per year. The facility is comprised of mill, tailings impoundments, ponds, wells, and ore/concentrate stockpiles. Facilities are required to be designed, constructed, operated and closed without any discharge or release in excess of those standards established in regulation except for meteorological events which exceed the design storm event.

The Administrator is constrained to either issue the Permit or to deny the application. The Administrator has made the tentative decision to issue the Permit.

Persons wishing to comment upon the proposed Permit, to recommend terms and conditions for consideration of incorporation into the Permit, or who request a public hearing pursuant to Nevada Administrative Code (NAC) Chapter 445A, must submit their written comments, objections, or requests by hand delivery or US Postal Service, or by facsimile or e-mail transmittal (with the original to be received within five (5) days of transmittal date), no later than 5:00 PM on the 30th day following the date of publication of this notice (submittal end date April 10, 2013) to:

If the Division determines written comments or requests indicate a significant degree of public interest in this matter, the Administrator shall schedule a public hearing in accordance with the requirements of NAC 445A.405.
