**ISSUANCE OF DRAFT PERMIT (RENEWAL)  
REQUEST FOR COMMENT**

The Nevada Division of Environmental Protection (NDEP) is requesting public comment on the DRAFT PERMIT for the renewal of Permit NV HW0101 to operate four hazardous waste management units owned by the United States Department of Energy (DOE). The units are located on the Nevada National Security Site (NNSS), which is approximately 65 miles northwest of Las Vegas, Nevada. The DRAFT PERMIT will continue the provisions of the Part B Permit first issued to the Department of Energy, Nevada Operations Office in March 1995, subsequently renewed in 2000, 2005 and 2010. In 2011, NDEP consolidated the Mixed Waste Storage Unit NEV HW0101, Mixed Waste Storage Unit HW0102, Hazardous Waste Storage Unit HW0103 and Explosive Ordnance Disposal Unit HW0104 permits into one (1) permit numbered NEV HW0101, Revision 2.

The renewed permit would grant approval in accordance with the Resource Conservation & Recovery Act (RCRA), Federal regulations 40 CFR Part 124, Nevada Revised Statutes (NRS) 459.000 through 459.600 and Nevada Administrative Code (NAC) 444.842 through 444.960 to the Department of Energy to continue operations.
