The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Manufacturing, Commercial, Mining and Silvicultural facility that discharges NON-PROCESS Wastewater , permit number NV0020834 from the following applicant:

TRUCKEE MEADOWS WATER AUTHORITY
PO BOX 30013
RENO, NV - 89520

Permit NV0020834, GLENDALE WATER TREATMENT FACILITY:

Truckee Meadows Water Authority (TMWA) operates the Glendale Water Treatment Plant, located at 1205 South 21st Street, Sparks, Washoe County, Nevada. The Glendale Treatment Plant diverts and treats water from the Truckee River for potable, municipal use. The plant discharges to the Truckee River from its pre-treatment sedimentation pond, and occurs during emergency situations. Prior to discharge, TMWA is required to dechlorinate discharge to levels protective of aquatic life. Discharge must comply with beneficial use standards established for the Truckee River and applicable requirements to maintain existing higher quality.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NV0020834 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 10/14/2015 , either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
