Permit NS0040023, MOUNTAIN CITY WATER AND SEWER USERS

The Mountain City Wastewater Treatment Facility (WWTF) is located at 207 Davidson Street in Mountain City, Elko County, Nevada. Domestic (sanitary) wastewater is treated biologically in an aerated lagoon, which discharges into a polishing pond. Effluent from the polishing pond is discharged to groundwater via percolation through four Rapid Infiltration Basins. The facility serves approximately 35 residents and is permitted to discharge a limit of 48,000 gallons per day.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0040023 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 12/28/2015, either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The applications, proposed permits, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Steve McGoff, Bureau of Water Pollution Control, at 775-687-9429 or at smcgoff@ndep.nv.gov.
