### **Permit NS0091006, FRANKTOWN MEADOWS EQUESTRIAN CENTER:**

The Permittee operates an equestrian center in Washoe Valley, Washoe County, Nevada. The facility operates a 1,500 gallon per day capacity package wastewater treatment plant for the treatment of domestic (sanitary) wastewater generated by two caretaker residences and restrooms located inside the equestrian center building. The package treatment plant incorporates primary (settling) and secondary (biological) wastewater treatment processes. The treated effluent is discharged to a clay-lined holding pond for evaporation.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0091006 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 08/13/2015 , either in person or by mail to:

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
