

# STATE OF NEVADA

Department of Conservation & Natural Resources

Brian Sandoval, Governor

Leo M. Drozdoff, P.E., Director

DIVISION OF ENVIRONMENTAL PROTECTION

Colleen Cripps, Ph.D., Administrator

## NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge , permit number NS2015502 from the following applicant:

CLARK COUNTY SCHOOL DISTRICT  
4190 MCLEOD DRIVE  
LAS VEGAS, NV - 89121

### Permit NS2015502, SANDY VALLEY SCHOOL:

The Permittee, Clark County School District (CCSD), has applied for a new permit NS2015502 to replace general permit GNEVOSDS09 for the on-site sewage disposal systems (OSDS) at Sandy Valley School. The school is located at 1420 East Pearl Avenue, Sandy Valley, Clark County, Nevada. The existing OSDS have a total treatment capacity of 14,500 gallons per day. CCSD is authorized for this discharge under general permit GNEVOSDS09. CCSD proposes to construct another building structure connected to a new septic tank and associated leach field. The proposed septic tank and leach field will have the capacity to treat an additional flow of 2,500 gallons per day. The improvement will create a total treatment capacity of 17,000 gallons per day. General permit GNEVOSDS09 applies to OSDS with a total capacity of 15,000 gallons or less; therefore, CCSD has applied for coverage under new permit NS2015502.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS2015502 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 02/25/2015 , either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 South Stewart Street, Suite 4001  
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The applications, proposed permits, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Kenneth

Greene, Bureau of Water Pollution Control, at (775) 687-9427 or at [kgreene@ndep.nv.gov](mailto:kgreene@ndep.nv.gov). The office facsimile number is (775) 687-4684. For further information, the fact sheet for this project can be viewed at the following website: <http://ndep.nv.gov/admin/public.htm>.

Please bring the forgoing notice to the attention of all persons whom you know would be interested in this matter.
