

NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge , permit number NS0020018 from the following applicant:

CARVER'S SMOKY VALLEY RV & MOBILE HOME PARK
HC 60 BOX 53708
ROUND MOUNTAIN, NV - 89045

Permit NS0020018, CARVER'S SMOKY VALLEY RV & MHP:

The applicant operates a 120-space RV and mobile home park on State Route 376, approximately eight miles northwest of Round Mountain in Nye County. The wastewater treatment facility consists of a multi-chamber aerated septic tank, which provides primary settling, aeration, and secondary clarification of the wastewater. After disinfection with chlorine, the treated effluent is discharged TO one of two disposal ponds for evaporation and percolation to the groundwater. The permitted design treatment capacity of this facility is 34,500 gallons per day. Monitoring and reporting of the treatment plant performance parameters are required to ensure that the effluent meets secondary treatment standards and that groundwater quality is not impacted as a result of effluent percolation.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0020018 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 03/14/2016 , either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
