The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge , permit number NS0099004 from the following applicant:

PAR 4 AT BADLANDS GOLF CLUB LLC  
9119 ALTA DRIVE  
LAS VEGAS, NV - 89145

### **Permit NS0099004, BADLANDS GOLF COURSE:**

The Permittee has applied for a renewal of permit NS0099004 to reuse tertiary treated and disinfected wastewater effluent for irrigation of turf and landscaped areas of golf courses (approximately 200 acres) at the Badlands Golf Club. The effluent is generated and supplied by the Durango Hills Water Resource Center, Permit NS0098005. The Badlands Golf Club is limited by the permit to a 30-day average flow of 1.2 million gallons per day. Both spray and drip irrigation will be used. This permit has not changed substantially from the previous permit.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0099004 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 06/24/2016 , either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 South Stewart Street, Suite 4001

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
