

Saturday
MAY 30, 2009

8:30 am - 4:30 pm

You are invited to the
Carson River Spring Tour

Understanding the middle and lower Carson River will be the focus of this 1-day bus tour. Topics to be explored include: water quality & quantity; floodplain protection; noxious weed management; river restoration, recreation, and education/outreach programs. Tentative stops include Ambrose Natural Area; River Park Estates; Buckland Station; Lahontan Dam; and Stillwater Wildlife Refuge. Videos and discussions will keep your time on the bus lively and informative.* Refreshments and lunch are provided.

Presented by Carson Water Subconservancy District
And
Carson River Coalition
