

**B. Site Information (con't)**

15) Please briefly discuss the current ownership of the site, specifically detailing who the current owner of the site is, when they acquired the site, and how the site was acquired (i.e. tax foreclosure, eminent domain, purchase, etc.). If you as the applying agency are not the current owner of the property, discuss how the current owner is involved in the project.

16) Using the space provided below, provide a brief description of the current site usage, making particular note of any site uses which may either have caused or contributed to site contamination issues.

17) With the information available to you, what were the past property uses which may have caused or contributed to current site contamination issues.

18) Please disclose and discuss any environmental regulatory involvement or enforcement actions which have occurred at the site.

19) Please attach any documents for any environmental assessments which may have been conducted previously for the site. If you are applying for cleanup funds, and the assessment work was conducted through a previous Federal or State Brownfields grant, you do not need to attach a copy of that assessment.

**C. Project Information** (The information provided in the following fields will be used by the NDEP Brownfields Program to prioritize project funding and rank competing projects. The Brownfields Program currently makes every effort to fund each eligible project; however, where several projects are competing for limited funding, we will use information regarding the planned redevelopment project, the benefits to the community, and the amount of community involvement to prioritize our funding.)

20) In the space provided below, please provide information regarding the anticipated future re-use of the property, specifically highlighting how this redevelopment project will benefit the affected community (i.e. job creation, park and greenspace creation, improved access to services, etc.)

21) Describe how this project fits in with community-wide revitalization or master plans previously developed by the community. Feel free to attach to your application any planning documents which can help demonstrate the redevelopment vision and strategic planning being undertaken by the community.

22) How has the community been involved, or planned to be involved, in the potential cleanup/redevelopment activities at this site?

**D. Applicant's Signature** (A representative of the applying agency should sign the application; it does not need to be the project contact as listed in the first section, but it should be someone with the authority to sign on the agency's behalf.)
