State Groundwater Discharge Permits are authorized in
accordance with Water Pollution Control Law Nevada
Revised Statue (NRS) 445A.

- This permit does not convey any property rights, in either real or personal property, or any exclusive privileges, nor does it authorize any injury to private property or any invasion of personal rights, nor any infringement of Federal, State or local laws or regulations.

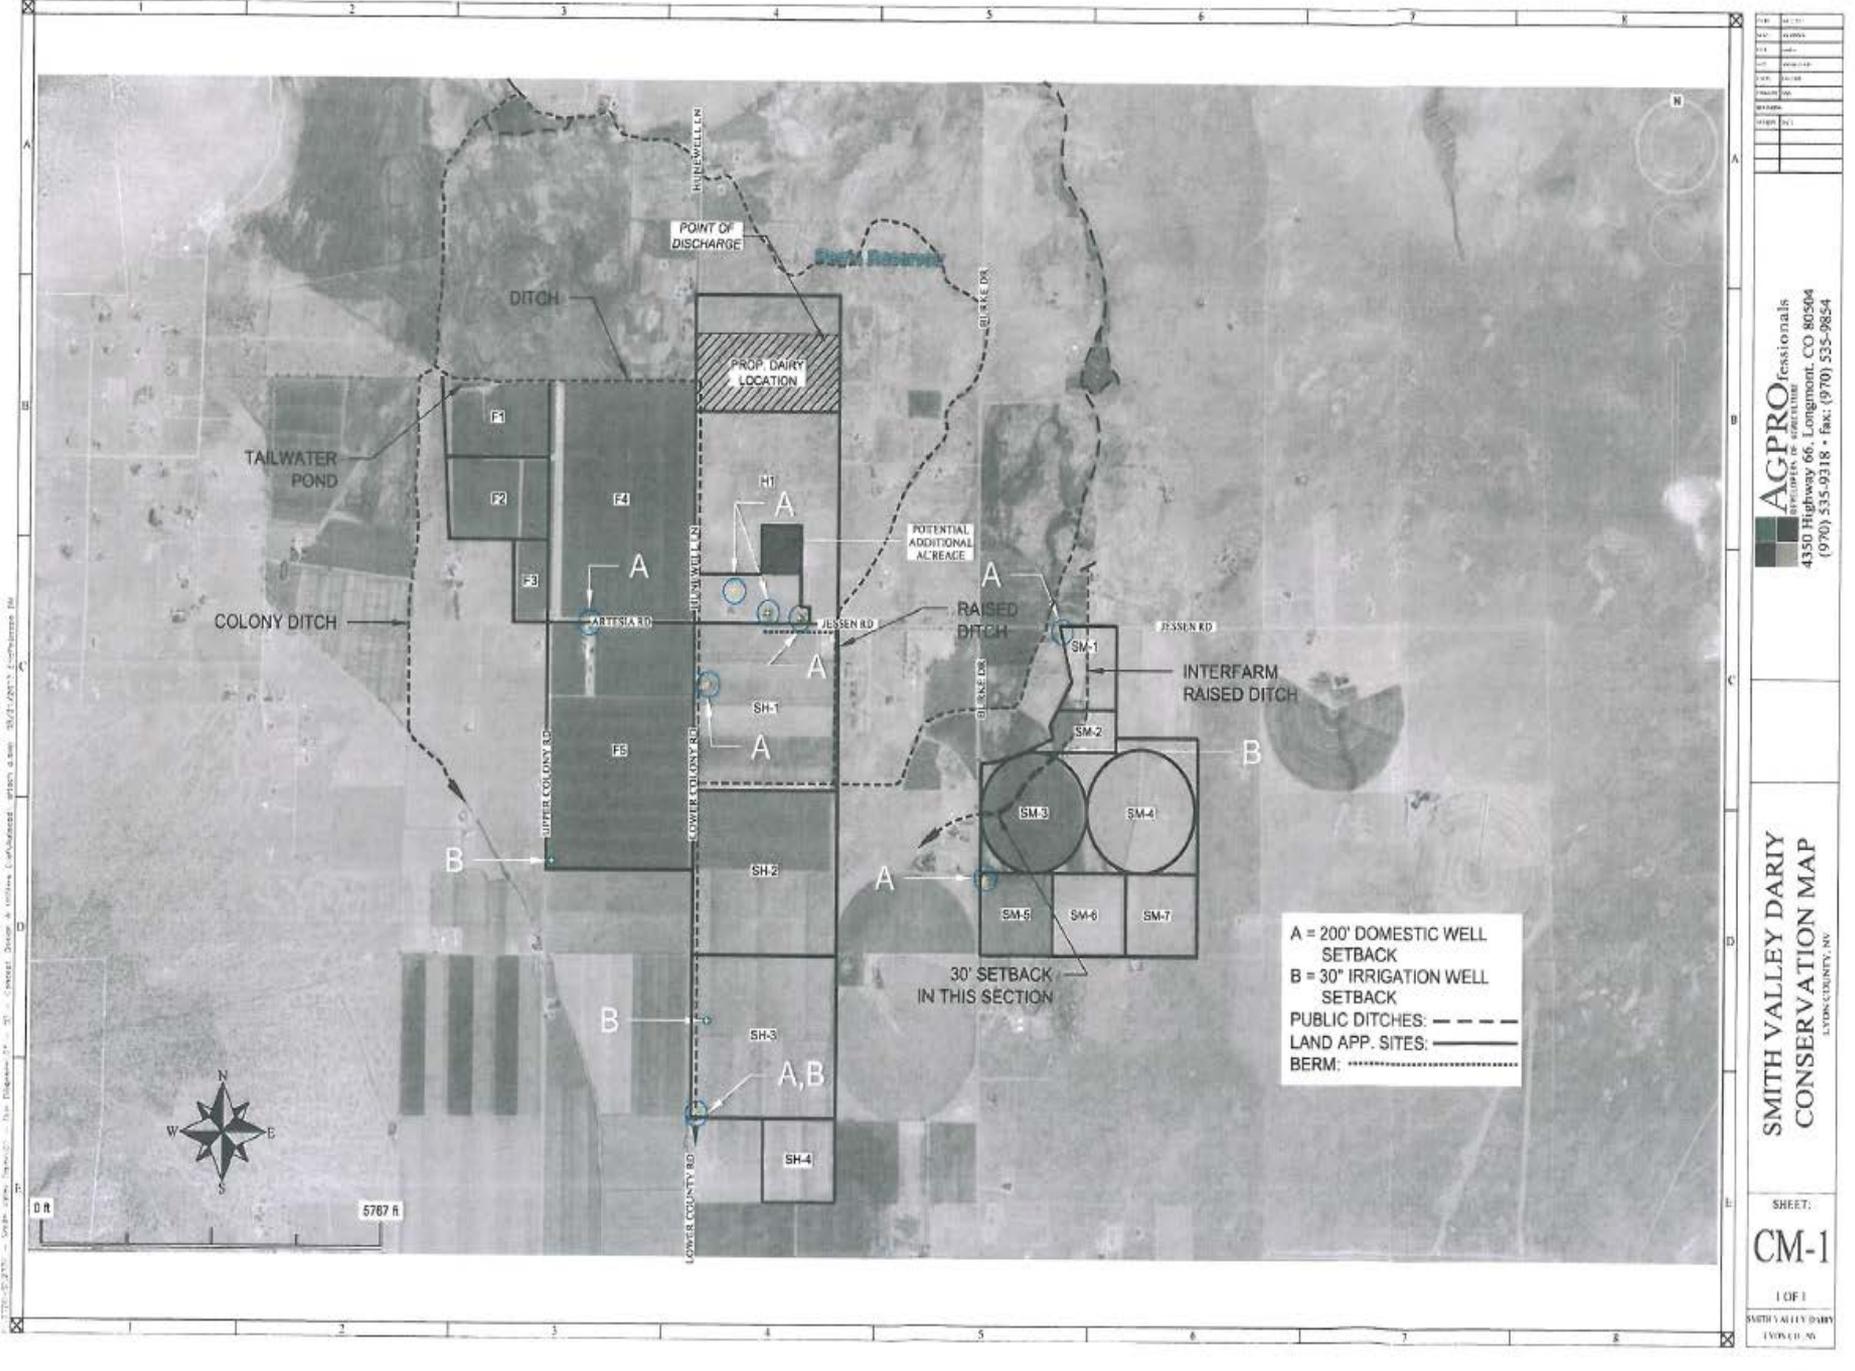

- Terms and conditions of this permit do not supersede the requirements of the Nevada Division of Water Resources or any other state or federal agency.
- Lyon County Title 10 (Land Use Regulations) 10.03.02 lists the permitted uses for rural residential zoning districts. The parcel for (Smith Valley) Vlot Dairy Farm is zoned RR5. There is no Special Use Permit required for the dairy.

Comments regarding the location of the facility, air pollution control, or water resources will be noted for the record. However, these comments are outside the parameters of the Bureau of Water Pollution Control regulations and will not be considered for implementation within the Smith Valley Dairy groundwater discharge permit.

Comments received regarding aspects of the Smith Valley Dairy proposed discharge permit will be addressed at the end of the Public Comment period with a formal Notice of Decision.
