RE: Permit Application for North Valmy Generating Station
Landfill Modification and Lateral Expansion – Permit No. SW174R01

Dear Mr. Taylor:

In response to your letter dated June 28, 2011, and meeting on August 25, 2011 NV Energy has made additional addenda to our application to amend our existing Class III landfill. Enclosed is a revised hard copy with only the specific sections that have been amended of the North Valmy Generating Station (Station) – Application to amend existing Class III Landfill. NV Energy (NVE) currently owns and operates this Landfill for disposal of fly ash and bottom ash generated at the Station. The Station is located in Humboldt County, Nevada.

This application provides updated information to the State of Nevada, Division of Environmental Protection, Bureau of Waste Management (NDEP-BWM) for reference in support of your review of the application according to NDEP-BWM letter dated June 28, 2011 and our meeting on August 25, 2011. A copy of NDEP-BWM letter, a summary of NVPP responses to NDEP-BWM request, and a detailed summary of changes made to text with page additions and removals for this revised application accompanies NV Energy's cover letter.

If you have any questions or require additional information, please contact Teri Bowman at 775-834-2371 or Tony Garcia at 702-402-5767.

Respectfully,

A handwritten signature in black ink that reads "Alan Anderson".

Alan Anderson
Plant Director
NV-Energy North Valmy Generating Station
