**PUBLIC NOTICE OF PROPOSED ACTION**

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes.

The Administrator has received a complete renewal application for a water pollution control discharge permit (#NEV93013) from the following applicant:

Quarry 187, LLC  
250 Pilot Road, Suite 160  
Las Vegas, NV 89119

The applicant has applied to renew their permit to reuse treated wastewater effluent from the Boulder City Wastewater Treatment Plant for gravel washing and dust control at their sand and gravel facility near Boulder City, Nevada. This is a closed system. Wastewater that does not evaporate is returned to a lined holding pond following the washing operation. The flow limit is 800,000 gallons per day.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes (NRS) as amended, and implementing regulations, the Administrator proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. NDEP proposes to re-issue the permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on May 23, 2005, either in person or by mail to:

Comments and/or hearing requests received via facsimile or e-mail before 5:00 P.M. May 23, 2005 will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
