Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Kenny C. Guinn, Governor

Allen Biaggi, Director

Leo M. Drozdoff, P.E., Administrator

Notice of Proposed Action May 04, 2006

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following Notice of Proposed Action under the Nevada Revised Statutes and the Clean Water Act. The Administrator has received an application for an Authorization to Apply Domestic Septage, Permit NEV2001500, from the following applicant:

Allied Sanitation Services
P.O. Box 832
Yerington, Nevada 89447

The Applicant proposes to continue to land apply domestic septage and grease trap material to agricultural land owned by Peri Brothers in Yerington, Lyon County, Nevada. The Applicant has been authorized to land apply septage on a five-acre parcel south of the intersection of Highway 95A and Luzier Lane adjacent to the Yerington Mine tailings impoundment under NEV2001500 since March 2001. As part of this permit renewal, the Applicant is proposing to relocate the land application operation to 60 acres of a 239-acre Peri owned parcel, APN 14-191-06, southeast of the intersection of Farrell Lane and Butte Way. Domestic septage and grease trap material must be incorporated into the soil within six hours of land application. The rate of land application will be limited by the nitrogen uptake of the crop to be grown. The Applicant will be required to plant a crop to utilize the nitrogen within one year of land application.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue permit NEV2001500 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered, e-mailed, faxed, or postmarked no later than 5:00 P.M. on June 3, 2006, to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, Nevada 89701-5249

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final

determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time. The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Bruce Holmgren, Bureau of Water Pollution Control, at (775) 687-9423, or at bholmgre@ndep.nv.gov. The office facsimile number is (775) 687-4684. For further information, the fact sheet for this project can be viewed at the following website: <http://ndep.nv.gov/admin/public.htm>.
