Notice of Proposed Action

Web Posting Date: 01/09/07

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Clean Water Act. The Administrator has received a complete application for a National Pollutant Discharge Elimination System Permit, NV0020338, from the following applicant:

Reno Masonic Temple Association
P.O. Box 2068
Reno, Nevada 89501

The Permittee proposes to continue to discharge untreated groundwater from a sump in the basement of the Reno Masonic Temple, 40 West First Street, Reno at a maximum 7-day average rate of 0.0050 million gallons per day. The pumped groundwater will be discharged directly to the Truckee River. Annual monitoring will continue to be required to ensure that the Truckee River is not degraded by the discharge.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NV0020338 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the NAC, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on February 1, 2007, either in person or by mail to:

Department of Conservation and Natural Resources

Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, Nevada 89701-5249

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.
