

NOTICE OF PROPOSED ACTION

by the
State of Nevada
Department of Conservation and Natural Resources
Division of Environmental Protection

The Division of Environmental Protection invites comments from the public on its tentative decision to issue a revision of the Water Pollution Control General Permit GNEV 93001.

The Administrator of the Division has received a request from the National Nuclear Security Agency, Nevada Site Office, P.O. Box 98518, Las Vegas Nevada 89193-8518, to change the monitoring requirements of the permit for sewage collection, treatment and disposal on the Nevada Test Site.

The proposed revised permit and supplemental information will be available for public review and comment for a period of thirty (30) days beginning October 20, 2008 and ending November 20, 2008. All interested parties may review these documents during standard business hours at:

- 1.) Bureau of Federal Facilities
Nevada Division of Environmental Protection
2030 East Flamingo Road, Suite 230
Las Vegas, Nevada 89119
tel. (702) 486-2850

- 2.) National Nuclear Security Agency
Nevada Site Office
Public Reading Facility
755 E. Flamingo, Room 103
Las Vegas, Nevada 89119
tel. (702) 794-5117

Any individual may comment on the revised requirements expressed in the Draft Permit to the Chief, Bureau of Federal Facilities in Las Vegas, Nevada, during the public participation period listed above. All comments will be considered in the final determination to revise the permit or to deny the request.

Any interested person, group, or agency can request the Administrator to conduct a public hearing with respect to matters related to the tentative determination to revise the permit. Each request must be received by the Las Vegas Office of the Nevada Division of Environmental Protection, at the above location, not later than November 20, 2008. This notice and additional supporting information can be found on the State of Nevada's web page at:
