

STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Jim Gibbons, Governor

Allen Biaggi, Director

Leo M. Drozdoff, P.E., Administrator

Notice of Proposed Action

The Administrator of the Division of Environmental Protection gives notice that an application for a new Water Pollution Control Permit for the May Turquoise Mine, a mining and beneficiation facility, has been properly filed with the Division of Environmental Protection in Carson City. The applicant for Water Pollution Control Permit NEV2008102 is:

Red Widow Mining Company, Inc.
P.O. Box 211207
Crescent Valley, Nevada 89821

The facility is located on public land in Lander County, within the southwest quarter of Section 28, Township 29 North, Range 47 East, Mount Diablo Baseline and Meridian, approximately six (6) miles southwest of the town of Crescent Valley, Nevada.

The project consists of a small open pit mine and physical separation beneficiation facility (Nevada Administrative Code (NAC) 445A.414), designed to extract turquoise, with a maximum permitted production rate of 10,000 tons of ore per year. The facility is comprised of the mine, a portable trommel, a conveyor, two (2) process ponds, a water supply and storage truck, a waste rock dump, and associated pumps and pipelines for conveyance and recirculation of process water. Facilities are required to be designed, constructed, operated and closed without any discharge or release in excess of those standards established in regulation except for meteorological events which exceed the design storm event. It is estimated the facility will disturb approximately two (2) acres of public land.

The Administrator is constrained to either issue the Water Pollution Control Permit or to deny the application. The Administrator has made the tentative decision to issue the permit.

Persons wishing to comment upon the proposed Water Pollution Control Permit, to recommend terms and conditions for consideration of incorporation into the permit, or who request a public hearing pursuant to NAC Chapter 445A, must submit their written comments, objections, or requests no later than 5:00 PM on the 30th day following the date of publication of this notice (19 September 2008) to:

Division of Environmental Protection
Bureau of Mining Regulation and Reclamation
901 South Stewart Street, Suite 4001
Carson City, Nevada 89701-5249

All comments or objections received during the public notice period will be considered in the final determination regarding this Water Pollution Control Permit. If the Division determines written comments or requests indicate a significant degree of public interest in this matter, the
