

# STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

*Jim Gibbons, Governor*

*Allen Biaggi, Director*

*Leo M. Drozdoff, P.E., Administrator*

## NOTICE OF PROPOSED ACTION

Web posting 6/3/09

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received an application for the renewal and modification of discharge permit # NEV40030 from the following applicant:

Goldfield Utilities  
P.O. Box 155  
Goldfield, NV 89013

The applicant operates a twin-pond (lagoon) wastewater treatment facility located at 233 Crook St in Goldfield, NV (pop. 448), Esmeralda County. The applicant has proposed a facility upgrade project to deepen the existing two lagoons, install an HDPE liner in each, partition the disposal basin and install a monitoring well. The overall upgrade project will be rated for a facility treatment capacity of 24,300 gallons per day (GPD) per treatment pond and will be constructed in two phases through 2009-10. The existing flow rate of domestic wastewater into this facility is recorded 18,000 gallons per day. The proposed discharge permit requires quarterly monitoring of influent, effluent and groundwater parameters under the supervision of a Grade 1 certified wastewater treatment plant operator. The Division has made the tentative determination to issue the proposed discharge permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered, e-mailed, faxed or postmarked no later than 5:00 P.M. PST on Friday, July 10, 2009, either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart St, Suite 4001  
Carson City, Nevada 89701-5249

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments
