Allen Biaggi, Director

DIVISION OF ENVIRONMENTAL PROTECTION

Leo M. Drozdoff, P.E., Administrator

NOTICE OF PROPOSED ACTION

Web Posting - 04/20/09

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a complete application for the renewal of groundwater discharge permit NEV40038 from the following applicant:

Clark County Water Reclamation District (CCWRD)
5857 East Flamingo Road
Las Vegas, Clark County, NV 89122

CCWRD owns and operates the Searchlight Wastewater Treatment Facility (WWTF), which is located approximately 0.75 southeast of the town of Searchlight, Clark County, Nevada. Domestic (sanitary) wastewater from residential and commercial sources is treated biologically in twin asphalt-lined primary facultative ponds, and effluent is then discharged to twin asphalt-lined secondary ponds. During periods of low evaporation, effluent from the secondary ponds is discharged to an unlined evaporation/percolation pond. The facility is currently permitted for 90,000 gallons per day of wastewater. The Division has made the tentative determination to renew the groundwater discharge permit for a period of five (5) years, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on May 21, 2009, either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, NV 89701-5249

Comments and/or hearing requests received via facsimile or e-mail before 5:00 P.M. May 21, 2009 will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Janine Hartley, Bureau of Water Pollution Control at (775) 687-9458, or at jhartley@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP public notices website at www.ndep.nv.gov/admin/public.htm.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
