City of Boulder City
P. O. Box 61350
Boulder City, NV 89006

The City of Boulder City operates the Boulder City Wastewater Treatment Facility (BCWWTF), located at 2000 Buchanan Boulevard, Boulder City, Clark County. Since the previous permit renewal, the Permittee has expanded and upgraded the treatment facility. The upgraded treatment facility is designed to treat a maximum daily flow of 2.0 MGD domestic (sanitary) wastewater in a series of aerated lagoons. Treated effluent is disinfected and discharged to two earthen percolation trenches (channels) for disposal. Treated effluent may also be reclaimed for reuse in gravel washing activities at the Quarry 187 LLC sand and gravel quarry (formerly Gornowich Inc., Permit NEV93013), located 3 miles west of the BCWWTF. The Division has made the tentative determination to renew the proposed permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on

All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.
