## **PUBLIC NOTICE of PROPOSED ACTION**

Web posting 8/2509

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes (NRS). The Administrator has received a complete application for renewal of water pollution control effluent reuse discharge permit (NEV98019) from the applicant:

The Lexington at Revere Golf Course  
2901 Hampton Road  
Henderson, Nevada 89052

CORE Revere, LLC operates the Lexington at Revere Golf Course, an 18-hole championship golf course facility located on Hampton Road in Henderson, Clark County, Nevada. The permitted facility utilizes tertiary-treated, denitrified and disinfected effluent supplied by the City of Henderson's Water Reclamation facility for spray irrigation of turf grass and plant materials on the golf course facilities and common areas. The Class B reuse water irrigation is done in accordance with the approved Effluent Management Plan and the terms and conditions of the permit. The permit renewal will be for a period of (5) five years.

On the basis of preliminary review of the requirements of the NRS as amended, and implementing regulations, the Administrator proposes to renew a permit to discharge, subject to certain effluent limitations and special conditions.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of publication in this newspaper by **September 28, 2009**, either in person or by mail or FAX (775) 687.4684 to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart St., Suite 4001  
Carson City, Nevada 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the applications. If written comments indicate a significant degree of public interest in the proposed permits, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date. If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
