

STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Jim Gibbons, Governor

Allen Biaggi, Director

Leo M. Drozdoff, P.E., Administrator

NOTICE OF PROPOSED ACTION

Web posting 4/27/09

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Clean Water Act. The Administrator has received an application for renewal of National Pollutant Discharge Elimination System (NPDES) Permit # NV0020311 from the following applicant:

**City of Lovelock
P.O. Box 238
Lovelock, NV 89419**

The applicant operates a Sequencing Batch Reactor (SBR) treatment facility, with design capacity of 0.6 million gallons per day (MGD), treating of domestic (sanitary) wastewater generated in Lovelock, Pershing County, Nevada. The SBR treatment facility had replaced four wastewater treatment ponds used in Lovelock, Nevada until 2001. The SBR treatment facility effluent is treated via biological oxidation and denitrification to meet secondary treatment standards, and is disinfected prior to discharge. The treated, disinfected effluent is discharged to the Lovelock Drain, an irrigation tailwater ditch terminating at Toulon Sink. The Division has made the tentative determination to renew the proposed NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on June 1, 2009, either in person or by mail to:

**Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, NV 89701-5249**

Comments and/or hearing requests received via facsimile or e-mail before 5:00 P.M. on June 1, 2009 will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

This Document is for Electronic Distribution

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Janine Hartley, Bureau of Water Pollution Control at (775) 687-9458, or at jhartley@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP website at www.ndep.nv.gov/admin/public.htm.

Please bring the foregoing notice to the attention of all persons who may be interested in this matter.
