PUBLIC NOTICE OF PROPOSED ACTION

Web posting 10/28/09

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Federal Clean Water Act. The Administrator has received an application for National Pollutant Discharge Elimination System (NPDES) Permit NV0023761 from the following applicant:

**Clark County Department of Aviation
P. O. Box 11005
Las Vegas, Nevada 89111**

The Clark County Department of Aviation (CCDA) operates McCarran International Airport, which is constructing Terminal 3, on the northeast side of the existing airport. The Terminal 3 Central Utility Plant (CUP) and the Automated Transit System (ATS) Tunnel require sub-grade foundation dewatering. CCDA has requested an NPDES permit for the discharge of groundwater collected in the dewatering system, and proposes to discharge the water, under specific limitations and requirements, to the Las Vegas Wash via Duck Creek and the Clark County stormdrain system. The discharge will be limited to 0.50 million gallons per day (MGD) for the 30-Day Average. Based on a review of the NPDES permit application, the Division has made the tentative determination to issue the NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding the issuance of the permit, or to request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on December 2, 2009**, either in person or by mail to:

**Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. December 2, 2009** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments
