## **PUBLIC NOTICE OF PROPOSED ACTION**

Web posting 3/24/10

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Federal Clean Water Act. The Administrator has received an application for National Pollutant Discharge Elimination System (NPDES) Permit # NV0023612 from the following applicant:

**State of Nevada Department of Administration  
Division of Buildings and Grounds  
406 E. Second Street, Suite 1  
Carson City, NV 89701**

The State of Nevada Division of Building and Grounds operates the Marlette-Hobart Water System, which supplies surface water to Virginia City and Carson City utilities for municipal water supplies. Under certain conditions, the water supply system intermittently releases excess water to an unnamed drainage tributary to McEwen Creek. The Division requires that the applicant obtain an NPDES discharge permit. Based on a review of the NPDES permit application, the Division has made the tentative determination to issue the NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on April 26, 2010**, either in person or by mail to:

**Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart Street, Suite 4001  
Carson City, NV 89701-5249**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. April 26, 2010** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
