

STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Brian Sandoval, Governor

Leo M. Drozdoff, P.E., Director

Colleen Cripps, Ph.D., Administrator

PUBLIC NOTICE OF PROPOSED ACTION

Web posting 4/3/11

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a request for modification of a water pollution control discharge permit, NEV2007501, from the following applicant:

**Coyote Springs Water Resources General Improvement District
1001 South Valley View Boulevard
Las Vegas, NV 89153**

The applicant operates the Coyote Springs Water Reclamation Facility located at Coyote Springs in Clark County. The applicant seeks to modify the existing discharge permit that was issued October 2007. The original permit authorized discharges of treated effluent from an initial 0.020 million gallons per day (MGD) wastewater treatment plant for Phase I of the project and a 2.1 MGD wastewater treatment plant for Phase II of the project. The applicant is now requesting to modify the discharge permit by constructing one package wastewater treatment plant in Phase I with a capacity of 0.05 MGD. Phase 1A will authorize the construction of an additional two separate package treatment plants with a combined capacity of 0.10 MGD. Phase 1B will authorize construction of an additional three separate package treatment plants with a combined capacity of 0.15 MGD. The total capacity of the six separate package treatment plants will be 0.30 MGD. Treated effluent will still discharge to storage lakes for use as reuse water for irrigation and construction water and/or dust control.

Persons wishing to comment on or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on May 9, 2011**, either in person or by mail to:

**Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart St., Suite 4001
Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before 5:00 P.M. **May 9, 2011**, will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Steve McGoff, Bureau of Water Pollution Control at (775) 687-9429, or at smcgoff@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP website at www.ndep.nv.gov/admin/public.htm.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
