PUBLIC NOTICE OF PROPOSED ACTION

Web posting 2/2/11

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Federal Clean Water Act. The Administrator has received an application for renewal of a National Pollutant Discharge Elimination System (NPDES) Permit, Permit # NV0021946, from the following applicant:

**United States Army - Hawthorne Army Depot
Western Area Demilitarization Facility (WADF)
1 South Maine Ave.
Hawthorne, Nevada 89415**

The Permittee is in responsible charge of the WADF Process Water Treatment Facility at the Hawthorne Army Depot, located north of Hawthorne, Mineral County, Nevada. The facility treats explosive contaminated wastewaters generated during demilitarization activities in all WADF operations. Treated WADF wastewater is discharged for evaporation in the Depot's lined sanitary wastewater lagoon system. Monitoring is required to ensure that groundwater and surface water are not degraded. Based on a review of the NPDES permit application, the Division has made the tentative determination to issue the NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding the issuance of the permit, or to request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on March 7, 2011**, either in person or by mail to:

**Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control

Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. March 7, 2011** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the

tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
