DIVISION OF ENVIRONMENTAL PROTECTION

Colleen Cripps, Ph.D., Administrator

## NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action in accordance with the Clean Water Act and Nevada Revised Statutes (NRS). The Administrator has received a complete application for a new NPDES Permit NV0024112 for discharge from:

**American Pacific Corporation (AMPAC)  
3883 Howard Hughes Parkway, Suite 700  
Las Vegas, NV 89169**

The Applicant owns a property located at 901 Wiesner Way in Henderson, Nevada that is the site of a former perchlorate-based chemicals manufacturing facility. Historic practices produced perchlorate-contaminated groundwater at the site, and AMPAC is proposing to continue remediation at the site using a biological treatment system for the removal of perchlorate. Discharge will be directed via piping to the Las Vegas Wash. The flow is limited to 1.08 million gallons per day (MGD), based on the 30-Day Average, with a Daily Maximum limit of 1.152 MGD. Based on a review of the NPDES permit application, the Division has made the tentative determination to issue the NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on December 23, 2011**, either in person or by mail to:

**Nevada Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart St., Ste. 4001  
Carson City, NV 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. December 23, 2011** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.
