SUBJECT: Amendment No. 2 to Request for Proposal No. DEP 13-005
DATE OF AMENDMENT: November 21, 2012
DATE OF RFP RELEASE: November 13, 2012
DATE AND TIME OF OPENING: **December 7, 2012 @ 2:00 p.m.**
AGENCY CONTACT: Toni Bouas, Contract Manager (tbouas@ndep.nv.gov)

The following shall be a part of RFP No. DEP 13-005 for the Nevada Circuit Rider Program and Stormwater Quality Improvement Program. If an Applicant has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the proposal deadline.

1. References – Some of the references we just submitted last week for the NDEP Lake Clarity RFP would be the same references we would use here. Is it a possibility that your department can review these already submitted, in order for us to not make a duplicate request to our clients for same?

No, references need to be submitted for each RFP. We are not able to share information.

2. Organizational chart – does one need to be included in the submittal?

An organizational chart is not required for the RFP; however it would be a good idea to inform NDEP who will be working on their project.

3. Section 1.1 states “This project will provide on-site technical assistance to Nevada wastewater treatment plants by an experienced certified wastewater operator with at least a Nevada Grade III certification.” Would the State accept an equivalent to the Nevada Grade III certification, such as Wastewater Treatment Plant director, manager and/or supervisor; a general Utility Manager with direct supervision of Wastewater Treatment Plant Operations and/or similar Wastewater Treatment Plant management qualifications?

Yes, this is acceptable.
