

# STATE OF NEVADA

Department of Conservation & Natural Resources

Brian Sandoval, Governor

Leo M. Drozdoff, P.E., Director

DIVISION OF ENVIRONMENTAL PROTECTION

Colleen Cripps, Ph.D., Administrator

## PUBLIC NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a request for renewal of a water pollution control discharge permit, NEV2007501, from the following applicant:

**Coyote Springs Water Resources General Improvement District  
1001 South Valley View Boulevard  
Las Vegas, NV 89153**

The applicant operates the Coyote Springs Water Reclamation Facility located at Coyote Springs in Clark County. The applicant seeks to renew the existing discharge permit that was issued October 2007. The original permit authorized discharges of treated effluent from an initial 0.020 million gallons per day (MGD) wastewater treatment plant for Phase 1 of the project and a 2.1 MGD wastewater treatment plant for Phase 2 of the project. The applicant is now requesting to renew the discharge permit and modify Phase I of the discharge permit. Phase 1 will use one package wastewater treatment plant to treat and discharge up to 0.05 MGD; Phase 1A will authorize the construction of an additional 0.05 MGD package treatment plant and discharges up to 0.10 MGD; Phase 1B will authorize construction of a third 0.05 MGD treatment plant and authorize discharges up to a total combined capacity of 0.15 MGD. A new treatment plant will be constructed for Phase 2 and the discharge permit will authorize discharges up to 2.1 MGD. The treated effluent will be discharged to storage lakes for use as reuse water for irrigation and construction water and/or dust control.

Persons wishing to comment on or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on July 30, 2012**, either in person or by mail to:

**Nevada Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart St., Suite 4001  
Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. July 30, 2012**, will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Steve McGoff, Bureau of Water Pollution Control at (775) 687-9429, or at [smcgoff@ndep.nv.gov](mailto:smcgoff@ndep.nv.gov). The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP website at [www.ndep.nv.gov/admin/public.htm](http://www.ndep.nv.gov/admin/public.htm).

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
